

AHRD GYANSHALA

WHAT IS COLORED BRAIN MAPPING & HOW IT BENEFITS SELF & TEAM PRODUCTIVITY

05 July, 2020

Gyanshala –a series of session by our Alumni & Fellows was conducted in the month of July 2020. In its first series session Dr. Sanjeev Dixit, Alumni AHRD & Ideapreneur conducted a session on **“What is Colored Brain Mapping & How it Benefits Self & Team Productivity”** on **05 July, 2020**.

How our brain is trained to react in different circumstances and the design of brain and the way we respond to the environment has a strong link to our success & failure was very well related in the session. The session was the reflective learning of Arther Karmazi– an Italian-American writer / speaker living in Asia and expert on Psychological applications to Leadership and Organisational Culture Enhancement and Development.

How colour brain mapping can be done not only in personnel life but can also be applied in the companies and enhance the companies human resource was well explained.
