Saturday, 19th December 2020

Learning is limitless. As we embark upon our journey in the pursuit of our Fellowship studies, Gyanshala, a virtual masterclass at the Academy of HRD introduced us to a peek into the Research Journey. Dr Ravindra Dey, an accomplished Professor in OB at the Xavier's Institute of Management Studies, has over 25 research publications to his credit in various national and international research journals. Dr Dey shared with us his experiences and the journey of writing research paper in the most simplistic way and took us through the nuances of the grills and grinds of publishing a research paper.
